

## SAMPLE CORPORATE CHAMPION COMMITMENTS

- **Engaging at least five suppliers [or specify # of suppliers] to complete the Green Suppliers Network review process within the first 12 months of joining the program.** We will educate our suppliers with the support of the Green Suppliers Network about the benefits of *Lean and Clean* reviews and encourage them to become program partners.
- **Exploring options to recognize and reward suppliers who have completed Green Suppliers Network reviews and have implemented appropriate recommendations.**
- **Providing implementation resources to suppliers, as appropriate and available.** Corporate Champions may chose to provide suppliers with internal support for implementation or can direct suppliers to the DoC's local Manufacturing Extension Partnership Center for assistance.
